

**The presentations should include:**

1/ information about the economic structure of the country you are presenting: basic demographic info, basic economic info, the main economic sectors, as well as exports, the main economic regions, and a brief word about how these have evolved in recent decades.

2/ a brief history of the political organisation of the country you are presenting, and its origins in recent times. When did the present organisation/regime start, and how has it evolved?

3/ What are the main macroeconomic challenges at present?

4/ What are the country's main economic interactions with the rest of the world at present? How does it situate itself in the present disruptions to globalisation?

A short word on main attractions to see and savour :-)

These are the main points.

Please prepare a PPT, and print it out (four slides per page).

Provide a short accompanying text (no more than 1,000 words - **in your own words** :-))

**Keep your presentation to 15-20 minutes!!!**
